SKETCHES OF LITTLE OLD NEW YORK

BY O. O. McINTYRE

Telegram Bureau: Rooms 121-125 Hotel Majestic, West Seventy-second Street.

NEW YORK, August 2.—There is electricity in the air around Herald Square. James Gordon Bennett has "dropped in" again from Paris. It is the first time he has been here for several years and despite the fact that he is not so young as he used to be still retains his old time "pep".

There are a lot of stories that are told about the Herald office when Bennett comes to town. It is a tradition that the "old ball and chain" rattle around the office—that is the newspaper parlance for lopping off journalistic heads.

In fact it has been Park Row's observation that the Herald men hold their jobs and receive promotions with about as much regularity if not a little more than other New York newspapermen.

However, there is always an air of excitement when J. G. B. "drops in."

Sudden Death

Before an Insurance Company will take a risk on your life the examining physician will test your water and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from the backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism and gout, or sleep is disturbed two or three times a night—take heed, before too late!

You can readily overcome such conditions and prolong life by taking the advice of a famous physician, which is: "Keep the kidneys in good order, avoid too much meat, salt, alcohol or tea. Drink plenty of pure water and drive the uric acid out of the system by taking 'Anuric' in tablet form." You can obtain "Anuric" at almost all drug stores. It was the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. If you cannot obtain it at your drug store send him ten cents for trial package "Anuric", or \$1.00 for full treatment. Suggestion is terrible. The manager of a Broadway theater decided the other day that too many of the vaudeville artists were complaining about the heat on the stage. He put up a notice demanding that further reference to the heat be tabooed. One man disobeyed his order and he was given his notice.

A truckster down on Church street went into a saloon and got three buckets of ice water and poured them on the feet of his tired horses. Then he placed his cheek against the heads of the horses. A wealthy man saw the act from his office window and sent him a \$20 gold piece.
